བརྟན་བཟུགས་འཕོ་འདྲིན་ཚོགས་ཚུངས།

Tenzhuk Coordination Committee

**To all concerned Dharma friends and followers of
His Holiness Gangteng Tulku Rinpoche**

Dear all,

His Holiness Gangteng Tulku Rinpoche as may be known, is born to serve the beings in this degenerately era especially the destined remaining disciples of Tertön Padmalingpa representing Guru Rinpoche as the holder of the doctrine of the Peling tradition. As many disciples and followers, therefore surround his Holiness, across the world which in turn also causes obstacles to his life from ignorant actions among the disciples and followers offending non-human guardians and Dakinis, which follow like a body and shadow around His Holiness.

It is well believed and also explained in the texts and other biographical accounts that such offenses that arose from the actions of the disciples and followers become obstacle to a master's life, which compel the non-human guardians and the Dakinis to cease the period of a master and invite away from worldly form before his service to the beings are complete.

This year, the wood female sheep year 2015 is the age-obstacle period of His Holiness' 61st birthday, which is a concern to all the disciples. Therefore in an effort to ward off the obstacles of this period, the Sangha of Gangteng Shedra will be organizing a three-day 'obstacles exorcism ritual of Dakini' presided by His Holiness the Sungrul Rinpoche. At the end of the ritual, it is planned to make the body, speech and mind mandala offering along with an offering of ceremonial longevity prayers for His Holiness the Gangtrul Rinpoche on behalf of the Sangha, disciples and the followers to invoke the guardians to bestow longer period of his service to the worldly beings.

Since to invoke long life to those benevolent spiritual masters is a supreme of any other merit and virtue, benevolent patrons and followers may also make generous donations in support of the events, which would be highly appreciated and recognized.

With warm wishes and prayers of benevolence from the Tenzhuk Coordination Committee on January 15, 2015.
